We're on the lookout for more people to get involved in badminton volunteering and help make our sport happen at a local level.

Free access to No Strings Badminton and Essentials resources

There are more male coaches than female – fact! We think it's about time to tackle this gender imbalance. More women coaching offers more choice and more coaches, which ultimately means more women participating in sport.

Increase your club's membership and gain additional benefits through Badminton England's No Strings Badminton and Essentials programmes. Normally provided as a franchise pack, this is being offered free of charge to affiliated clubs.

Looking for a new facility?

Sport England has launched '[Use our School](#)' a new web resource to support schools in offering community access to their facilities.

It provides schools with tools and templates to help schools open or extend community use of their facilities. Why not contact your local school to make them aware of the benefits of facility sharing?
