

# Features and Charges in Herts Sports and Leisure Centres

This page shows some of the centres' features: whether:

- Dual Use with a school and hence only available evenings, weekends and school holidays,
- number of courts, flooring, height, lighting,
- charges, including: courts, admission, membership.

Many have reduced membership or entrance discounts for those who live in the respective council area (if known, it is listed as a second price, e.g., £24/18). Block booking discounts are available at some centres - some charge more! Junior, student, disabled and senior citizens' discounts may also be available. At least two centres give discounts to clubs that have membership (and hence insurance) of the BADMINTON England. Coaching in Sports Centres varies so best to contact them to find out if offered. Updates are noted in the final column but please check prices and send me any [updates!](#)

**Quick find** locations beginning with:

Note: the prices of courts and entrance, below, may not be current (date of update is in last column): updates are gratefully [received](#). [PlayBadminton](#) and Herts County Council [website](#) also have Sports Centre information.
